Monday, 14 Nov 2016	12:00—13:00 UNFCCC Climate Change Studio	UNFCCC Climate Change Studio M. Mini Side Event climatechangestudio@unfccc.int +49 228 815	Airport Council International Carbon Accreditation initiative Presenting the Airport Council International Carbon Accreditation initiative, its cooperation with UNFCCC's Climate Neutral Now, and signing of Casablanca and Marrakech airport as new members of the initiatives. Speakers: Airport Council International, UNFCCC, Morocco Airport Authority.	
Monday, 14 Nov 2016	13:15—14:45 Bering (150)	Andorra Ms. Alessia Vita Alessia.Vita@fao.org +39 6 57056580 Mountain Institute, Inc. (TMI) Mr. Andrew Taber ataber@mountain.org +1 202 3229492 Pakistan Ms. Mia Rowan Mia.Rowan@fao.org +39 6 57056939	The impact of climate change in mountain areas. A priority for a global action. Vulnerable mountain ecosystems are critical for global fresh water. Covering 22% of all land, mountains are home to over 900 million people, many impoverished, food insecure and lacking resilience. We will review needs and mechanisms for addressing climate change in mountains under the UNFCCC. Speakers: Representatives from UN Mountain Partnership governments, international agencies and major groups. At least 4 high-level national representatives, plus scientists and practitioners will present solutions and mechanisms to address mountain priorities under UNFCCC and other international processes.	
Monday, 14 Nov 2016	13:15—14:45 Austral (300)	Institut du Développement Durable et des Relations Internationales (IDDRI) Mr. Thomas Spencer thomas.spencer@iddri.org +33 6 88699988 Germany Ms. Steffi Richter steffi.richter@bmub.bund.de +49 30 183052362	Tools for Transformation: Low Emissions Development Strategies The Paris Agreement calls for a deep transformation in line with well below 2C/1.5C, and on all countries to prepare low emissions development strategies. This side event presents research and policy lessons on how countries can use this tool to coordinate this transformation in development paths. Speakers: This side event brings together policy makers from major economies preparing LEDS (e.g. Germany, the EU, China, etc). This will be complemented by perspectives from major research networks (Teresa Ribera on behalf of IDDRI), and from the outgoing French Presidency (Laurence Tubiana)	
Monday, 14 Nov 2016	13:15—14:45 Mediterranean (300)	Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC) Ms. Katia Simeonova ksimeonova@unfccc.int +49 228 8151411	Emissions Gap Report 2016 - The emissions gap and options for bridging it The UNEP Emissions Gap Report 2016 assesses the latest scientific studies on the emissions gap, and how it can be bridged with particular attention to energy efficiency and links to the SDGs. At this side event, the Report is presented, followed by an open panel discussion involving the audience.	
Monday, 14 Nov 2016	13:15—14:45 Pacific (150)	Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC) Ms. Adriana Valenzuela AValenzuelaJimenez@unfccc.int +49 288 8151594	High-level Event: education key driver to scale-up climate action This event will bring together environment and education's ministers and international organizations to discuss how education can enhance the implementation of the climate agenda and INDCs. Good practices will be showcased. A Guidance document for policy makers and ACE focal points will be launched.	
Monday, 14 Nov 2016	13:15—14:45 Arabian (150)	United Nations (UN) Ms. Kathryn Milliken kathryn.milliken@wfp.org +49 228 8151252	SDG1: Community-level adaptation practices to reduce disaster risk, build resilience and end poverty Participatory community-led climate adaptation, disaster risk reduction and low-carbon development can reduce poverty. This session addresses how early warning/disaster preparedness, climate services, inclusive land planning, rights-based approaches, and social protection can contribute to this aim Speakers: Speakers will be drawn from government officials, community leaders and other stakeholders. The session will be designed to profile women's leadership.
